

Diversity Detective

Australia has always been a country with strong immigration, with people moving to Australia over time in search of a new start or a better life. Australia is incredibly culturally diverse and we can see cultural diversity around us, in our communities and in the media.

Activity: Be a Diversity Detective and find out what your local cultural diversity looks like! Record the cultures identified with and languages spoken from these groups:

Your class

Your school

Local Community

Enter your postcode into the
SBS, How multicultural is your suburb map
